LIVE IN NATURE HOMES

Farm Lands Development ★ Construction ★ Property Consultancy

LINH is in to development of uncultivated open Lands around Hyderabad in to Farm Lands / plots and offering to people longing for quality life in lush green surroundings away from City Busy life. LINH is striving day in and day out for past 7 years. Over the years LINH has fulfilled the dream of owning a farm land / plot of hundreds of individuals by developing projects in Vikarabad, Sangareddy and Medak , Medchal districts and the saga is continuing. The present project is at Naguldevpally Village, Hathnur Mandal, Sangareddy Dist , 53 km from KPHP /Kukatpally.

Hyderabad and it's surroundings is home for numerous state, national & international organizations / institutions who have set up their establishments and the numbers is growing year after year. The momentum is picking up with the initiatives taken for ease of doing business, providing water to all by digging irrigation canals and increasing the vegetation by planting trees. LINH facilitates individuals to acquire farm land / plots to spend happy moments by making more clean & green environment at affordable distances from the City. People found of serene surroundings are welcome to own a piece of land with plantation in the outskirts of this historical city.

The present pandemic has re-wound the thought process of people who are now in search of own places with healthy surroundings for breathing fresh air full of oxygen and to spend some time in solitude. So come and own a piece of affordable farm land / plot in our present project where your investment has potential to double in 4 years. It will be a good asset for your kith & Kin.
